- From the iconic works of Antoni Gaudí in Barcelona to Sicily's Mount Etna, you'll encounter large landmarks on this trip, which might create pressure to fit everything into one shot. Instead, try focusing on a distinctive feature rather than trying to incorporate

everything into frame

- Incorporate your surroundings. Don't try to edge out other tourists from your photos, but use them to enhance the scene. Try tilting the camera at your target, including tourists and the real scene in the background or forefront, and the image instantly is more intriguing than a generic snapshot
- Pursue quirky composition — shooting off-center makes for a more artsy, unique shot

DAY 5: Portimão, gateway to the vistas and villages of The Algarve

Cruise along Portugal's scenic Algarve region this morning before mooring in Portimão, a former center of fishing and shipbuilding. From here, you'll head northeast to the medieval town of Silves, where you will enjoy a guided walking tour of this historic destination.

Situated along the banks of the Rio Arade, Silves is a charming destination full of winding streets, whitewashed buildings with red terracotta roofs, and groves of orange and lemon trees. Your first stop will be the Castelo de Silves, an impressive red-brick castle, believed to have been occupied

by a Lithuanian castro until 201 BC, when the Romans conquered Silves, where they ruled over the next five centuries. The city was later conquered by the Umayyad Caliphate, who reinforced and expanded the structure, resulting in the castle seen today, and making it one of the most well-preserved Moorish fortifications in Portugal.

Next, you'll visit the 13th-century Silves Cathedral, classified as a Portuguese national monument in 1922. Originally built as a mosque during Portugal's Moorish occupation, it was converted into a Catholic cathedral during the Reconquista period of the Iberian Peninsula under the reign of King Afonso III. Although the style of the cathedral is mostly Gothic, it does contain some Baroque elements. You'll also have time to peruse the fascinating exhibits of the Silves Municipal Archaeological Museum before continuing to the market town of Monchique. Set among the pine and eucalyptus forests of the Serra de Monchique mountain range, this delightful mountain enclave of cobbled streets and artisan workshops is a charming contrast to Algarve's beach resorts.

Included Feature:

- Walking excursion of Silves and Monchique
Included meals: Breakfast, lunch & dinner

Founded in 1551, the university is one of Spain's leading institutions of higher

learning.

Next, you'll see the Plaza de España, inarguably the most well-known public square in Seville. Constructed for the 1929 Ibero-American Exposition, this is where you'll find the famed Spanish Steps, as well as elegant fountains and tiled mosaics. Continuing on, you'll view the exterior façade of the Plaza de Toros, Seville's famed 18th-century bullring. You may also have an opportunity to step inside the Seville Cathedral, a UNESCO World Heritage Site most notable as the final resting place of King Ferdinand III of Castile and Christopher Columbus. This evening, you'll set out into the countryside to visit a local family's bull farm for a tour, followed by a delicious home-hosted dinner of traditional Spanish fare.

Situated at the entrance of the Strait of Gibraltar on the northernmost tip of Morocco, Tangier has been settled by the Phoenicians, Romans, Vandals, Arabs, Portuguese, British, French, and Spanish over thousands of years. It's no wonder its nickname is the "City of Strangers"!

Today, you'll set off on a walking tour of the

DAY 8: Get a taste of Britain at the tip of Spain

Gibraltar, also known as The Rock of Gibraltar, is steeped in history dating back approximately 100,000 years when the earliest humans inhabited its limestone caves. However, it remained mostly unsettled until AD 711 when the first Moors of riq ibn Ziyd arrived. In fact, "Gibraltar" is a Spanish derivation of the Arabic Jabal riq, which translates to "mountain of riq." Gibraltar's position at the entrance to the Mediterranean made it a prized sight, and its people were subjected to many sieges from France, Spain, and Britain throughout the centuries that followed. It was finally captured by the British in the early 18th century and ceded to them under the 1713 Treaty of Utrecht. Today, Gibraltar's multicultural society makes it one of the most unique and interesting places to visit in the Mediterranean. During today's walking tour not only will you be able to visit some of Gibraltar's most interesting highlights, you'll also enjoy sweeping views of both the Strait of Gibraltar over Africa and the Bay of Algeciras. Keep your eyes peeled and cameras ready in case you catch a glimpse of the famed Barbary apes that live on the rock.

With over 60 miles of untamed coastline and beautiful landscapes, Almería offers its visitors many natural pleasures.
